

KAI-ALEXANDER KAISER
Senior Economist, Philippines
East Asia and the Pacific Region

June 21, 2016

Hon. Evelyn T. Uy
City Mayor
City of Dipolog
2/F City Hall, Rizal Ave., Dipolog City

Dear Mayor Uy:

World Bank Open Roads Project

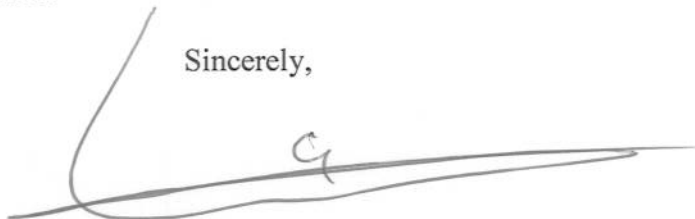

The World Bank, in cooperation with the Department of Interior and Local Government (DILG), is conducting a project on Comprehensive Philippines Local Road Satellite Mapping. This program aims to provide a comprehensive, network-operated road mapping system to cities and municipalities nationwide, with your city as one of the pilot areas. It uses sophisticated tools and widely acquired road data from first hand route-tracking and geo-tagging. Furthermore, the road maps accomplished shall be used to generate other information that are relevant to economic decision-making and project monitoring efforts.

As one of the pilot cities, we would like to request for your assistance to our service provider, Woodfields Consultants, Inc., as they conduct ground work for the project such as, but not limited to, taking photographs, recording videos, and visual inspection of the subject roads. The assistance that we are requesting from your office may include having personnel to accompany the Woodfields team on the field, and ensure security as they conduct ground work. The list of personnel who will do ground work are attached as an annex to this letter.

Should you have any concern in relation to this request, please do not hesitate to communicate it to the undersigned. Any assistance that your office can provide for the accomplishment of this project will be very much appreciated.

Thank you very much.

Sincerely,

Annex:

Personnel who will do ground work for the project:
